

PEBBLES'S BIO

I had surgery in Atlanta and instead of returning home we stayed up there because I had to have follow up appointments.

As we passed time we where in the Mall & looked at the pet store. Here this little White dog was running around and was so friendly. The lady saw our interest in this puppy and said it was her dog and that she had to bring him to work, because she had two other dogs at home and they didn't except this puppy. She wished someone would give him a good home.

We said we weren't interested in getting a dog, so we left. The next day we returned Home but couldn't get this little dog out of our minds. So the next day we called and asked if she still was interested in finding him a home- she said yes, so we told her we would be there and get the dog. We drove back to Atlanta and that's how Pebbles came to be ours.

What a delightful and happy puppy. That was Jan 15, 2005.

Took him after six months for Clicker Obedience Training- July 1, 2005.

The instructor asked if we would be interested in Paws Patrol a Therapy Group for Dogs. That Pebbles had a good temperament and would be an asset to the organization.

So Pebbles, Rudy & I (Jane) prepared & passed the tests so he could become a Therapy Dog. Pebbles loves being part of Paws Patrol and so does his owners.

Clicker Obedience Training - July 1, 2005

AKC Canine Good Citizen Program – July 15, 2006

Member of Paws Patrol- Delta Society – Sept 2006 & July 2005
